

The Board of Directors of Metropolitan Swimming has approved its first 3-year external audit. The external audit is an important milestone for Metropolitan Swimming to help facilitate the organization to the next level as a high performance LSC within USA Swimming.

A part of part of this external audit approval, the Board also has authorized the formation of an Audit Task Force to support the Audit Committee and the Board of Directors with the upcoming external audit activities.

Metropolitan Swimming is seeking a limited number of qualified finance, accounting and tax volunteers to join the External Audit Task Force. If you have past audit experience and are a prior or current member in good standing with USA Swimming and Metropolitan Swimming, or interested in becoming a member of good standing with USA Swimming and Metropolitan Swimming, we would like to hear from you.

If interested, please forward your resume and a short write-up of your audit experience to [Julie.Chen@metroswimming.org](mailto:Julie.Chen@metroswimming.org)
